Project Name:

Test Case Template

Test Case ID: User Navigate 2   **Test Designed by:** <Jamie>

Test Priority (Low/Medium/High): High   **Test Designed date:** <07/06/2017>

Module Name: Find a Castle index   **Test Executed by:** <Sally>

Test Title: User can find homes via Find A Castle web page   **Test Execution date:** <07/06/2017>

Description: Test the Find A Castle property navigation

Pre-conditions: User has a valid email address
Dependencies:

Step	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Open google chrome	Main page is index.php	User is able to see all properties and navigate back and forward to see other properties	Properties load, able to navigate via carousel. Unable to view all of properties in one listing.	Pass	Further work required to offer a presentation of all properties rather than navigate via carousel
2	Search for Find A Castle	Carousel images on main page display available properties				
3	Click on a image of a selected property					
4	Click home to view other properties					
5	Click on new property					
6						
7						

Post-conditions:
     User reads description, can navigate through the pages, pictures are clear and the information is accurate.
